

Getting to know

ENRIQUE

FERNANDEZ, MD, FACS

Certified, American Board of Plastic Surgery

In the midst of today's plastic surgery media frenzy, Dr. Enrique Fernandez continues to use his highly-skilled hands, impeccable credentials, and his artistic eye to practice private and personalized cosmetic surgery.

To Dr. Enrique J. Fernandez,
his practice of cosmetic surgery
is a matter of the pursuit of
excellence and steadfast integrity.

Getting to know
ENRIQUE
FERNANDEZ, MD, FACS
Certified, American Board of Plastic Surgery

When you walk into the office of Dr. Enrique J. Fernandez, you will instantly understand why he has become one the area's favorite plastic surgeons. He is a one-man practice and nothing is compromised.

The interaction of staff, doctor and patient feels as comfortable as being with a group of friends. No forced smiles here. It is an atmosphere of professionalism, sensitivity and trust. You don't have to spend very much time with Dr. Fernandez to know that he is a compassionate man and loves what he does. He exudes a sense of humility and friendliness that only comes with a sincere interest in people.

A Listener

Refreshingly, he is a physician that makes eye contact and responds to questions directly. Gifted with excellent communication skills, he is able to convey his ideas about your treatment in a manner that earns your confidence. Dr. Fernandez is committed to spending the time to understand each patient's desires before he even starts the examination process.

A Gentleman

Dr. Fernandez has a genuine respect for women. His wife, three daughters, numerous patients and his staff of five women attest to that. It is the type of kindness that makes women feel valued, and it comes naturally from this soft-spoken intellectual.

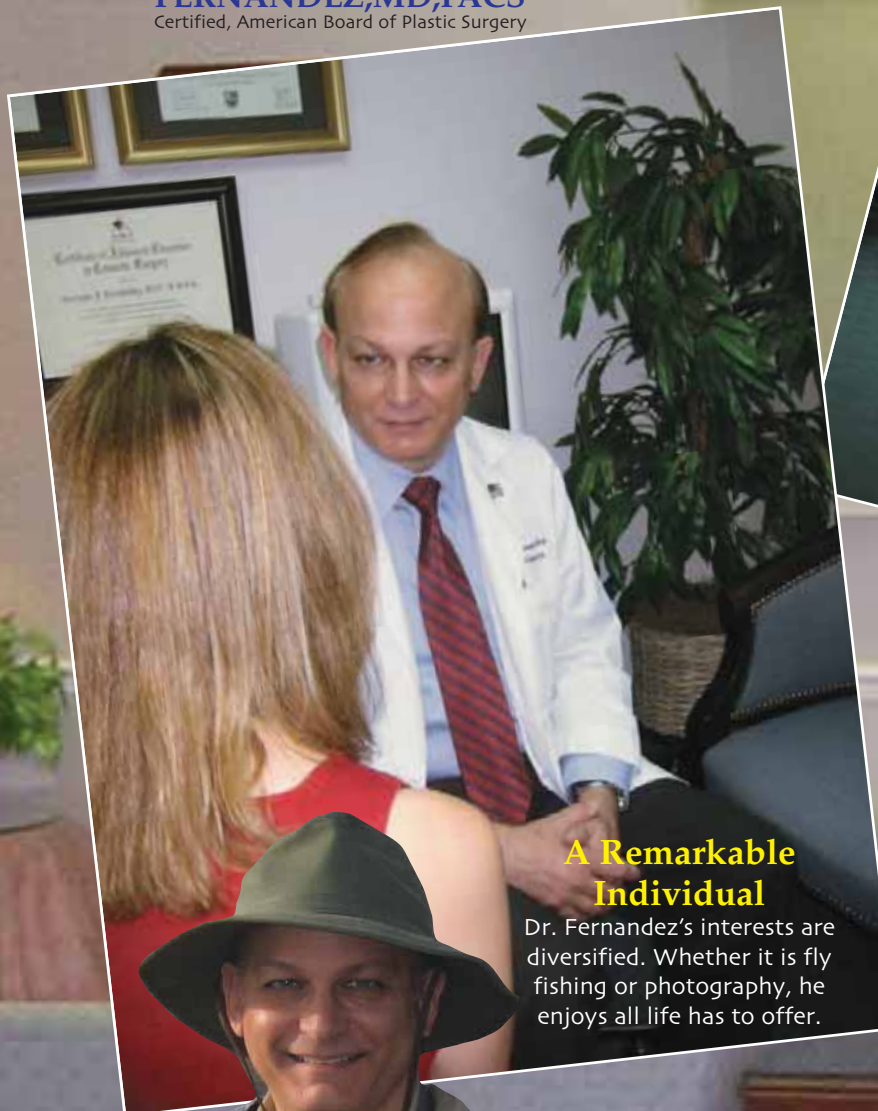

An Extremely Qualified Surgeon

Dr. Fernandez's youthful appearance (he has gorgeous skin!) makes you wonder how he has managed to amass such an impressive slew of credentials. These credentials represent some of the highest levels of training achievable. He has more formal training than required. Board Certification in plastic surgery requires a minimum of five years of formal training after medical school.

Dr. Fernandez elected to do seven. Add that to the 17 years of experience doing complex plastic surgery, and you would have a difficult time finding a better-trained plastic surgeon.

Sculpting and reconstructing the delicate muscles, skin and tissues of the human body is what Dr. Fernandez does best.

He is certified by the American Board of Plastic Surgery and has been awarded the Certificate of Advanced Education in Cosmetic Surgery by the American Society for Aesthetic Plastic Surgery.

A Remarkable Individual

Dr. Fernandez's interests are diversified. Whether it is fly fishing or photography, he enjoys all life has to offer.

A Photographer

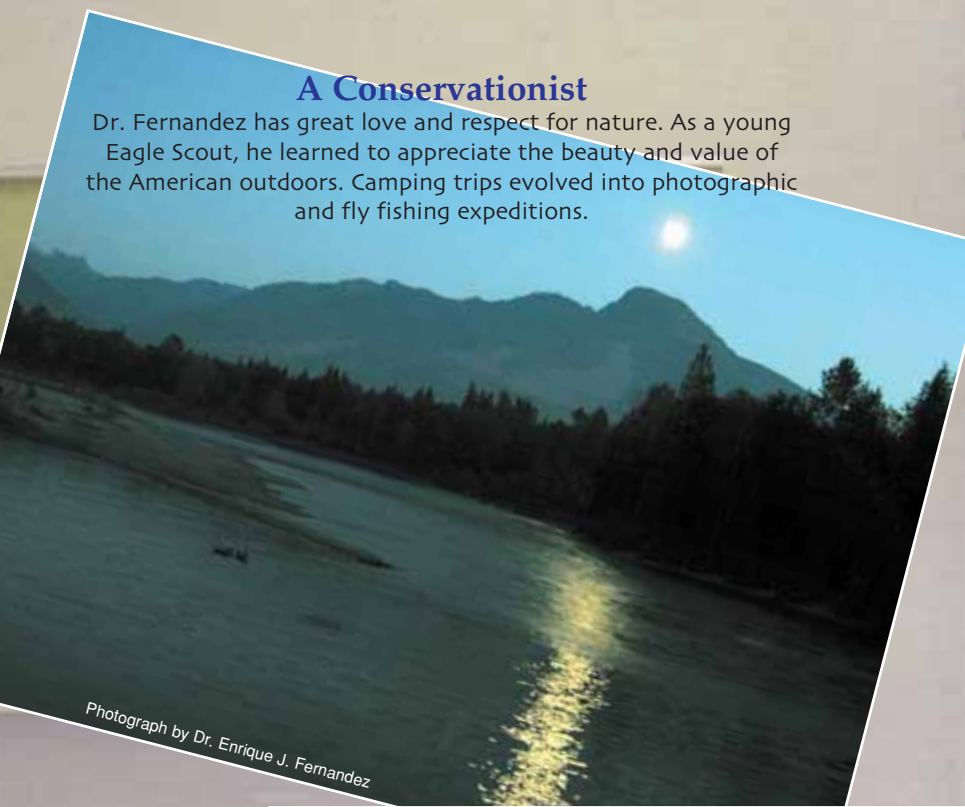

Dr. Fernandez is an artist. He is gifted with the technical skills of a surgeon, the hands of a sculptor, and the eyes of an artist. His photographic work hangs modestly in his home and office.

Photograph by Dr. Enrique J. Fernandez

A Conservationist

Dr. Fernandez has great love and respect for nature. As a young Eagle Scout, he learned to appreciate the beauty and value of the American outdoors. Camping trips evolved into photographic and fly fishing expeditions.

A Patriot

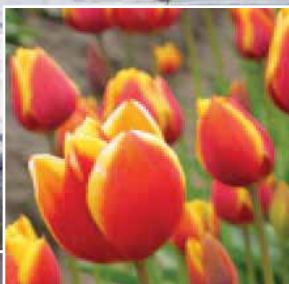

Dr. Fernandez is proud to be a citizen of the United States and often speaks publicly to concerns of our country as well as health matters to interested groups.

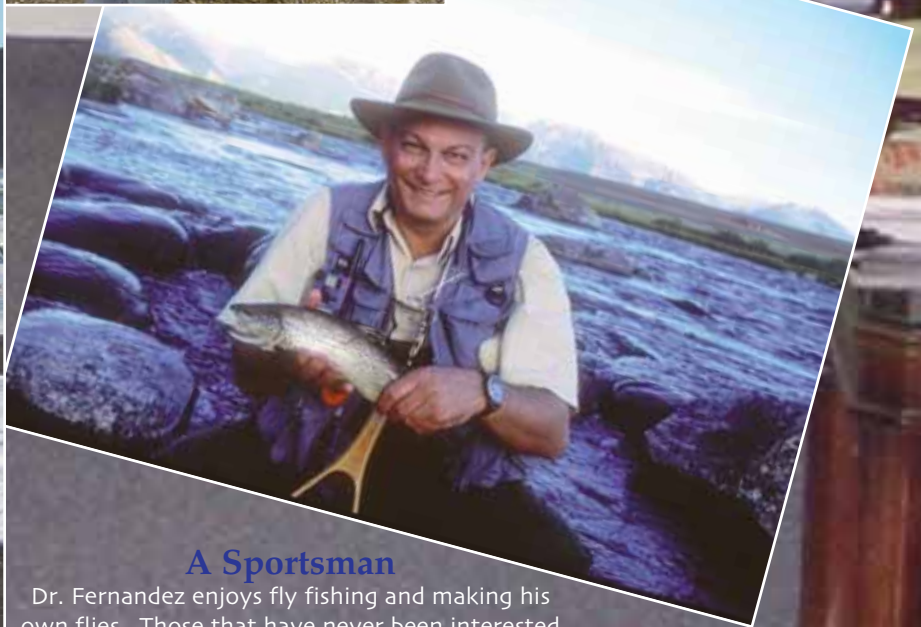

A Family Man

Dr. Fernandez has been married for over 30 years and has four children. He is very involved in his family life.

A Sportsman

Dr. Fernandez enjoys fly fishing and making his own flies. Those that have never been interested in fishing of any kind, would find his explanation of the concept of fly fishing fascinating.

A Conscientious Surgeon

Bradenton Plastic Surgery Center is Certified by the American Association for Accreditation of Ambulatory Surgery Facilities (AAAASF). Dr. Fernandez strives for optimum safety. His fully accredited surgery center, located in Bradenton, complies with 100% of the standards set by the AAAASF. He is assisted by a board certified anesthesiologist, allowing him to focus on 100% on the plastic surgery procedure.

A Leader

Dr. Enrique Fernandez was honored at the Ritz Carlton in Sarasota, Florida for his service as President of the Florida Society of Plastic Surgeons in 2002. (Dr. Fernandez with Dr. L. William Luria, incoming President)

A Pioneer of the T.I.M.E. Bill

Dr. Fernandez, as President of the Florida Society of Plastic Surgeons, took a leadership role in promoting high standards in office surgery facility accreditation. The Society was a prime proponent of the TRUTH IN MEDICAL EDUCATION (TIME) bill, sponsored by Representative Bill Galvano, that was deliberated in committee of the Florida Legislature in 2003. When passed, the legislation would require health care workers to disclose to patients the license under which they are operating. (Above from left, Dr. Dean Johnston, Representative Bill Galvano, Dr. Enrique J. Fernandez, Dr. Luria, and Governor Jeb Bush)
